

GHANA M&E FORUM

INVITATION

8th January 2008

In support of the use of evidenced based decision making to inform the development of our society, a forum is being organized where monitoring and evaluation (M&E) issues can be discussed in an informal but informed manner. The forum is essentially a gathering:

- to share professional insights in the art and practice of M&E, and
- to advocate for the effective use of M&E.

You are thus invited to a forum to be held on 8th January 2008, at the Institute of Statistical Social and Economic Research (ISSER) at Legon, Accra at 10:00am. The agenda for the forum is as follows:

Welcome & Introductions <i>10:00am prompt</i>	Dr Robert Osei <i>ISSER</i>
Forum Objectives	Djabanor Narh <i>Ernst & Young</i>
Presentation: 'Current Evaluation Practices – Advantages and Disadvantages'	Justin Oliver <i>Innovations for Poverty Action</i>
Presentation: 'Theory Based Approach to Evaluation'	Dr Sulley Gariba <i>African Evaluation Association</i>
Presentation: 'Professionalizing the M&E Discipline'	Dr David S Ameyaw <i>Millennium Challenge Corporation</i>
Closing Comments & Theme for Next Forum <i>12:30pm</i>	Bruno B Dery <i>National Development Planning Commission</i>

We hope you can attend, please send this invitation to other persons who might be interested in attending. Please confirm your participation by email, we look forward to seeing you there.
